TOTAL SUPPLY

1,000,000,000,000
TRILLION
T O K E N

With a 1 trillion token supply initially on Binance, Collie subsequently moved to the Ethereum Chain in 2023 in response to community requests, Collie Inu Ethereum market has a massive expansion plan and attraction bigger investors and real companies. The community is dedicating a lot of time to spread the word. To popularize Collie Inu in crypto meme coins.

A new contract with a total quantity of 1 trillion tokens was put into operation by the team on the ETH Chain. To ensure that Collie's total circulating quantity at any given moment never exceeds a total supply of 1 trillion tokens, as well as to enable users to transfer their Collie from BNB to ETH Chain and vice versa, this requires a cross-chain bridge.

Collie Inu partnership with multichain to ensure Bridge will always be active for the Collie Inu community.

Collie Inu is available in a fully decentralized defi ecosystem.

There are multiple benefits of the decentralized ecosystem through which anyone can easily invest their hard-earned money in Collie Inu Ethereum. It offers more personalized and customized services apart from giving users more decision-making power and capabilities. A decentralized ecosystem aims at full autonomy where investors can easily buy, sell and transact using Collie Inu Ethereum without any technical flaws or legal issues.

Ask not what COLLIE can do for you, ask what you can do for **COLLIE**

01. COLLIE INU started this with a contract deploy and a group, but it is really up to you (COLLIE also) to see what you can add. Work for your meal, add what you can and tell your friends. This is an army. It is new and small, but that also means we have advantage.

02. Trust The Process
Flipping Shiba, Doge or BabyDoge will take Diamond Hands. Don't be short-sighted with COLLIE, there is a long road ahead of us. HODL

03. It's your Choice to adopted early
Now is our time. But for this to work, we must all stick to the COLLIE: Trust the Process. As a wise soul once said "To be the man, you got to beat the man." Hence, COLLIE was born.

Ask not what COLLIE can do for you, ask what you can do for **COLLIE**

Now We Write Our Own Destiny

04.

Now while we congratulate those that did well and pour one out for those that sold what would now be hundreds of millions of \$ worth of Shiba for pennies when everybody thought it was deed (dog was just sleeping) We have to think about the rest of us - The ones who haven't made it. What are you supposed to do? Buy a top 10 coin at the top with the hope that it goes up another 5% on a good week. Or relentlessly hunt for that next gem.

05.

THE PLAN IS WE ALL WIN

Shiba has made it, it flipped the Doge, and for those that ironhanded Shiba all the way up congratulations. you will soon know what it is like to be the prey instead of the Collie Inu.

06.

Partnership

Getting partnerships with well knows influencers is our main objective for the beginning. We know that with our expertise we can become one of the most recognized crypto tokens in the sector

Dev

Our experienced dev team is hard at work on building a spaceship to fly in the galaxy space. Dev tax will support their efforts in building out our minigame, NFT collection, NFT Marketplace, and all operation.

2%

LP

Think of the Liquidity Pool as Collie Inu castle. Properly maintaining and upgrading the castle provides investors more protection from dumps and the stability that they need to feel safe holding their tokens for a long time.

3%

Marketing

Collie Inu understands that a Kingdom is only as strong as its reputation. We will be hiring an army of diplomats to spread awareness and excitement about the Collie Inu to the ends of the Earth. Collie Inu will be the token your grandmother asks you about at the next family gathering, so don't disappoint her.
